## WOOD-FIRED VERTICAL STEAM BOILER

Heavy-Duty Industrial Heating Solutions

### > KEY FEATURES

- > **Eco-Friendly Fueling:**  
Uses wood, coal, or agricultural waste.
- > **Rapid Steam Generation:**  
Vertical design for faster heating.
- > **Heavy-Duty Construction:**  
Fabricated with high-grade mild steel.
- > **Non-IBR Certified:**  
Optimized for small to medium-scale industries.
- > **Safety First:** Equipped with safety valves and pressure gauges.

### SPECIFICATIONS

- > Boiler Type: Vertical, Smoke Tube Design
- > Steam Capacity: 100 kg/hr to 500 kg/hr
- > Working Pressure: 5 kg/cm<sup>2</sup> to 10.5 kg/cm<sup>2</sup>
- > Suitable For: Food Processing, Dairy, Cashew Industries, Large Institutions.

### MODEL VARIANTS

Size (Capacity)	Fuel Type	Water Capacity
100 Kg/hr	Wood / Coal	150 Liters
200 Kg/hr	Wood / Coal	250 Liters
300 Kg/hr	Wood / Coal	400 Liters
400 Kg/hr	Wood / Coal	550 Liters
500 Kg/hr	Wood / Coal	650 Liters

### TECHNICAL DETAILS

- > **Inner Shell:** High-temperature resistant 8mm/10mm MS plate.
- > **Outer Body:** Insulated to prevent heat loss and ensure operator safety.
- > **Mounting:** Compact vertical footprint to save floor space.
- > **Maintenance:** Easy access ash pit and cleaning ports.
